Writer's Corner

Welcome, Spring! The birds sing
Little squirrels are everywhere
The gardens are in bloom
At night, a big silvery moon
With millions of stars all aglow
It's springtime you know,
So there is no snow,
(We never have much anyway)
To all of you out there
Don't just sit in your chair
Go out and have a glorious day!

"A WELCOME TO SPRING"
BY LEN HICKS

Earth Day was founded in 1970 as a day of education about environmental issues and will occur on Monday, April 22. The holiday is now a global celebration that's sometimes extended into Earth Week, a full seven days of events focused on green living and confronting the climate crisis. The brainchild of Senator Gaylord Nelson inspired by the protests of the 1960s, Earth Day began as a "national teach-in on the environment" and was held on April 22 to maximize the number of students that could be reached on university campuses. By raising public awareness of pollution, Nelson hoped to bring environmental causes into the national spotlight.

April is Volunteer Month

Every year the United States celebrates National Volunteer Month during the third week of April. President Nixon mandated the observance by executive order in 1974. Later we started observing the entire month of April as National Volunteer Month to make the event even more pronounced and to give even greater credence to the importance of volunteerism. Parkway Place would like to give a huge THANK YOU to all of the volunteers who spend their time in this wonderful community.
