

POET'S CORNER

Another year has passed
And it went so very fast, but we're alive.
We are thankful we did survive.
Many changes in the world were made.
Some didn't last but many stayed.
So year 2026, what will you bring...
A prosperous year? A lovely Spring?
We are waiting!

Happy New Year All!

"Welcome 2026"
By: Len Hicks

We have exciting news to share about our community!

Parkway Place was named among America's Best Continuing Care Retirement Communities for 2026. According to Newsweek, the top homes in each state were assessed and ranked based on four pillars, including performance data, recommendations of medical professionals, accreditations and resident satisfaction. We couldn't have achieved this without the incredible support and trust of our residents. Thank you for making our community such a special place.

"Art is a reflection of God's creativity, an evidence that we are made in the image of God."

COMMUNITY NEWS

Inspiring Happiness.

RESIDENT SPOTLIGHT

Grace Gonzalez has made herself at home in Houston; however, her early life could not have been more different. She was born in the tiny town of Realitos, Texas, where her father owned a general store and a ranch. It was a cattle ranch, so Grace grew up as a ranch girl who never imagined that she would end up in a big city like Houston. After graduating as the salutatorian of her high school class, she married Al Gonzalez, and they settled in Kingsville, Texas. After marriage, she studied history at Texas A&I University, while Al worked as a pharmacist. They raised their daughter and two sons while Al eventually became the owner of Kingsville Pharmacy, Inc. She assisted her husband with the office and bookkeeping tasks at the pharmacy for many years.

Grace was ingrained in the Kingsville community. She knew the customers at the pharmacy, the families of the kids who went to school with her children, her neighbors, and all the parishioners at her church. It was hard for her to go anywhere in town without running into several people she knew. Amid all the kids' activities and household management, she somehow found time to garden, sew, bake, and cook, which were a few of her hobbies. Al and Grace loved the holidays, and the holidays were always filled with family and extended family. They also shared a love of travel, visiting beautiful destinations in the US and abroad. Grace and Al were married for 49 years before he passed away in 2008. They have a daughter, two sons, a granddaughter, a grandson, and two great-grandsons. Grace appreciates being part of the Parkway Place community and values her friendships with the residents and staff.

Meet Malcolm Scott – Wellness Coordinator

We're excited to welcome Malcolm Scott to Parkway Place as our new Wellness Coordinator! Malcolm brings energy, vision, and a deep passion for helping others live healthier, more resilient lives.

He holds an A.A. in Communication, specializing in Speech Communications, from Houston City College, and plans to continue his studies at the University of Houston's Jack J. Valenti School of Communication, where he will pursue a B.A. in Strategic Communication with a concentration in Integrated Communications.

Malcolm's love for fitness and community shines through in the wellness programs he designs, encouraging residents and staff to embrace balance, strength, and connection. His goal for the new year is simple yet powerful: to foster a culture of wellness that uplifts everyone at Parkway Place.

STAY HEALTHY THIS 2026 WITH MALCOM!
