

HONORING BLACK HISTORY MONTH

February is Black History Month, a time to recognize and celebrate the achievements, culture, and contributions of African Americans throughout history. We honor the stories, strength, and perseverance that have helped shape our nation and continue to inspire generations.

Have A Great Day

"What a beautiful day" is that what you say
When you rise in the morning to start your day?
Do you start by thinking of how you are blessed
And humming a song while you get dressed?
Or begin by saying a 'good morning' prayer?
Then let your good day start from there!
Remember, for a really good day to take place
It always begin with a smile on your face.

"Happy Valentine's Day!"

RESIDENT SPOTLIGHT: TED & RUTH GLOVER

"The Second Time Around" by Mrs. Ted Glover

I was asked to write a short story about Ted and me. Music was important in my life. My mother taught Ted's mother the accordion when we were four years old, but neither of us recall it. My mother always kept me updated on Ted's whereabouts after chatting with his mom, and they stayed in touch until Ted's mother passed away long ago. We dated in high school. In fact, one photo is from our prom night. His mom was a beautician and fixed my hair for the prom. And then we went down other paths.

I knew Ted joined the Navy Seabees and served in Vietnam around the time I went to France for the summer after graduating from Ohio State. We didn't reconnect until our 20-year High School Reunion in our hometown, Newark, Ohio. By then, we were both divorced. Ted had three children, and I had two.

Ted lived in Florida while I was shivering in Minnesota. Hmm! Maybe I Should go visit him. Ted worked in Telephony and called almost every day. I finagled a visit to meet his kids and have some fun. I promised myself I would never marry a guy who lived north of the Red River. It was negative 52 degrees when I finally said "yes" to Florida. A year later, a minister who was also our neighbor, married us in my living room full of friends. The cake had a cowboy theme with flowers and little plastic boots on it. Then the "fun" began. Both of us are only children but we figured out quickly that only one can be in charge at a time. Blending five children (four teenagers and a five-year-old) was NOT easy. We moved to Dallas for Ted's new job and lived there for 35 years before relocating to Katy to be closer to our sons. We're now happily involved at Parkway and will celebrate 44 years in Texas this November, so I think the marriage may last.
